ABOUT MOTIONHOUSE

Incredible dance-circus: pushing movement to its limits since 1988

Based in Leamington Spa since 1988, we create and tour a wide range of inspiring and powerful dance-circus productions to theatres and festivals in the UK and across the globe. Our distinctive, highly physical style integrates elements of circus and acrobatics with breath-taking dance to surprise and delight our audiences, using powerful narrative and incredible digital imagery. Our accessible dance-circus style

attracts large audiences, in a normal year, performing to 120,000+ people. Pioneers of outdoor dance, we take world-class dance-circus to audiences in a range of settings, from full-length touring theatre productions to outdoor work at festivals or in the street, in the heart of people's communities, reaching children, young people and families, free of charge, in some of our most deprived communities. We also offer a vibrant programme of education and training activities for all ages, including classes, post-show discussions, workshops in schools and a range of professional development opportunities.

Motionhouse was founded by Executive Director Louise Richards and Artistic Director Kevin Finnan MBE who still lead the company. With an ethos that dance is for everyone, our mission is to make world-class dance accessible to all. We believe that dance has the power to illuminate the human condition and to change lives, enriching our emotional world and making a positive impact on educational and cognitive development and on health and wellbeing.
