

## WILD by Motionhouse

Our latest touring dance-circus production WILD, which premiered in 2019 is a thrilling show for all the family, combining dynamic dance, acrobatic movement and hand-to-hand partnering. With powerful physicality, a seamless mix of dance and circus, and a strong narrative, it is perfect for dance audiences and those new to the artform. The theme of WILD - our relationship with the natural environment - is extremely relevant in today's world.

WILD creates an urban forest in the everyday of the city. The action takes place in a forest of tall poles (the tallest one 5m high). From the top of the pole, life in the canopy looks down onto the forest floor – a dangerous world of unknown meetings.

The show is made to be seen on 3 sides and can accommodate large audiences, with much of the action taking place at height; enabling groups of audience members (socially-distanced if required by Covid restrictions) to watch and enjoy the production with ease. Since its premiere last year, WILD has proved to be extremely popular with audiences. [This short trailer](#) provides a flavour of WILD and the full-length film is available on request. In addition to the images shared here, a selection of images from the show is available at the bottom of the [WILD page](#) of our website.

## Covid-19

We have developed a full rehearsal risk assessment which enables us to work safely with our dancers to create and rehearse. The assessment is based on the principle of the creative team (dancers, Rehearsal Director and Artistic Director) forming a 'bubble', allowing them to work securely together in close contact.
