

Motionhouse University

We are passionate about supporting and developing the next and future generations of dancers and performers.

We are very experienced in delivering workshops and training sessions in vocational schools, conservatoires, and universities across the UK. Our workshops are challenging and inspiring, providing an exceptional opportunity for your students to learn from our professional dancers and expert staff.

We can work with students to deliver a wide range of creative learning activity including but not limited to:

- Mock auditions
- Contact work exploring lifting techniques and partnering
- Exploring themes and repertoire from current touring productions
- Contemporary, floorwork, and acrobatic techniques
- Choreolab or choreographic intensives
- Performance intensives/residencies – usually over 3-5 days to create a dance performance based on a piece of Motionhouse repertoire. Previous projects have led to performances in schools, theatres, festivals, and at special events
- Alternatively, we offer Experience Days where you can visit us in our studio in Leamington Spa. Students can enjoy a “day in the life of dancer” and take part in company class, watch rehearsals, learn something new and get a chance to speak to the dancers in a Q&A session.

For students ready to pursue dance at a professional level, gain experience prior to auditions and/or industry insights; we have a range of [training opportunities](#) and workshops, as well as being able to offer dance and office-based [work placements](#) for young people looking to gain experience in the industry.

“The content was great and allowed our first year students to explore something new, with a link and reference to professional work”
Arts University Bournemouth
